

PIENAAR ENERGY (PTY) LTD

1000 tons of solar glass

Overview

Gujarat-based Borosil Renewables has started trial production from its third solar glass furnace, raising its capacity in India to 1,000 tons per day (tpd). Its cumulative solar glass capacity has reached 1,300 tpd, which includes 300 tpd in Germany added through the acquisition of Borosil Renewables Ltd. is the world's premier solar glass manufacturer and is part of the Borosil Group, which has been engaged in manufacturing a wide range of consumer ware, scientific, and laboratory glass/glassware for more than six decades. The company's board of directors approved the expansion after the Ministry of Finance announced a "reference price" for solar glass imports to restrict low-cost. The Solar Photovoltaic Glass Market size is estimated at 32. 24 Million tons in 2026, and is expected to reach 75. 42% during the forecast period (2026-2031). Each solar glass tube typically weighs between 0.
