

PIENAAR ENERGY (PTY) LTD

15kW inverter specifications

Overview

Features x3 built-in MPPTs for a maximum DC coupled power of 19,500 W, a max AC coupled solar input of 19,200 W, and a max combined solar input of 38,400 W. Operating Input Current per MPPT Max. Battery. With power categories ranging from 3.0 kW, the transformerless Fronius Primo is the ideal compact single-phase inverter for residential applications. The sleek design is equipped with the SnapINverter hinge mounting system which allows for lightweight, secure and convenient installation. It serves as a key component in photovoltaic systems, where it enables the efficient and reliable conversion of direct current (DC) produced by solar panels into alternating. ata in a comprehensive graphical format. Alarms can be system from your smart phone and ta grid and a generator, or two generators. The Quattro will au main output has no -break functionality.

15kW inverter specifications

Fronius Primo 15.0-1 208-240

With power categories ranging from 3.8 kW to 15.0 kW, the transformerless Fronius Primo is the ideal compact single-phase inverter for residential applications. The sleek design is equipped with the ...
