

**PIENAAR ENERGY (PTY) LTD**

# 1MW Photovoltaic Energy Storage Container for Sports Venues

 **TAX FREE**    

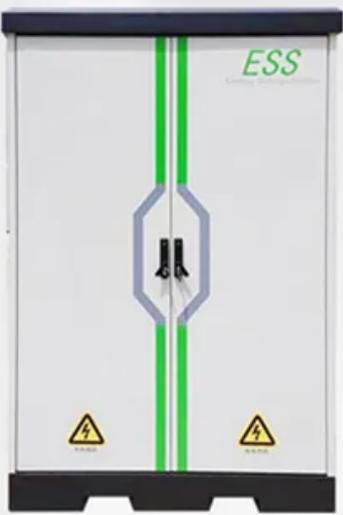

## ENERGY STORAGE SYSTEM

**Product Model**  
HJ-ESS-215A(100KW/215KWh)  
HJ-ESS-115A(50KW 115KWh)

**Dimensions**  
1600\*1280\*2200mm  
1600\*1200\*2000mm

**Rated Battery Capacity**  
215KWH/115KWH

**Battery Cooling Method**  
Air Cooled/Liquid Cooled

The image shows a tall, grey metal container for an Energy Storage System (ESS). It has a black top and bottom. Two vertical green lines run down the front. In the center, there is a blue hexagonal shape with a black lightning bolt symbol. The letters 'ESS' are printed in green in the upper right corner. At the bottom, there are two yellow warning triangles with lightning bolts.

## Overview

---

The 1MWh Renewable Electric Energy Storage System provides high-capacity, grid-scale backup for solar, wind, and hybrid power sources. Designed for reliability and efficiency, it stabilizes. When you're planning a 7,500-seat arena in an area with high electricity rates and a lot of sunshine, it's a good idea to start thinking about solar panels and storage systems. 2 The technology is mature and stable through inspection and testing by many stakeholders. 3 Multi-scenario application, flexible configuration and. What is pknenergy 1MWh battery energy solar system?

PKENERGY 1MWh Battery Energy Solar System is a highly integrated, large-scale all-in-one container energy storage system. Lithium batteries are CATL brand, whose LFP chemistry packs 1075kWh of energy into a battery volume 7550mm\*1100mm\*2340mm Our design incorporates safety protection mechanisms to. LZY offers large, compact, transportable, and rapidly deployable solar storage containers for reliable energy anywhere. LZY mobile solar systems integrate foldable, high-efficiency panels into standard shipping containers to generate electricity through rapid deployment generating 20-200 kWp solar.
