

PIENAAR ENERGY (PTY) LTD

30MW wind solar and energy storage project

30MW wind solar and energy storage project

30MW/60MWh Wind Power + Energy Storage System Project

Project Overview: This project aims to improve the efficiency of local wind power utilization and enhance the stability and flexibility of the power grid, playing a key role in the regional renewable energy ecosystem.

Lithium battery parameters

Product capacity: 100Ah

Product size: 135*197*35mm

Product weight: 1.82kg

Product voltage: 3.2V

internal resistance: within 0.5

World's largest 100%-hydrogen-fueled gas turbine put into operation in

Mingyang's 30MW unit -- which is at least twice the size of the previous record holder -- is part of a renewable-energy storage project in Inner Mongolia

Global First 30MW-Class Pure Hydrogen Gas Turbine

Demonstration Project

The Etuoke Wind-Solar-Hydrogen Integration Project, with a total investment of ¥3.9 billion, aims to produce 20,000 tons of green hydrogen annually, supporting a 500MW wind farm and a 5MW photovoltaic project.
