

PIENAAR ENERGY (PTY) LTD

30kW Folding Container for Cement Plants

Overview

Folding design for transport inside containers. Fully pre-installed at the factory, allowing quick assembly. Equipped with control cab and computer management system. The LPC stationary modular concrete batch plant provides for custom design along with lower shipping costs. With a large selection of plants ranging from decumulative to accumulative and dry to wet batch, the LPC plant provides the options. EP containerized concrete batching plant is a kind of equipment that integrates the functional modules of the mixing plant into a container. Each plant is delivered in 5 container sized modules, transported in the same way as standard containers minimizing all. MEKA is a State Recognized Research and Development Center, which is a privileged position that allows us to set bolder targets for the future. We are currently working on more. We proudly serve a global community of customers, with a strong presence in over 30 countries worldwide—including Spain, Germany, France, United Kingdom, Italy, Portugal, Netherlands, Sweden, Norway, Denmark, Finland, Czech Republic, Slovakia, Hungary, Austria, Switzerland, Belgium, Ireland.
