

PIENAAR ENERGY (PTY) LTD

320-750 high voltage inverter

320-750 high voltage inverter

HV inverters

Electric converters designed for marine, off-highway and on-highway applications. A wide product portfolio to meet the needs for all kind of applications.

High Voltage Traction Inverter Application Presentation

Together with the high current density, ultra-low saturation voltage drop and superior parallel performance, Discrete products has increased power density by more than 20%.

320-750 high voltage inverter

The ODS-750 is a sine wave, single-phase DC/AC inverter. The series offers 450W-750W power and is available with 120Vac or 230Vac output and a wide range of input voltages (12, 24, 36, 48, 72, and ...

High voltage DC-AC sine wave inverters accept wide input ...

The inverters convert 600Vdc industrial input voltage (450V to 800Vdc range) to an isolated sine wave output of 115Vac

continuous at 60Hz or 400Hz, or 230Vac continuous at 50Hz. The high input ...
