

PIENAAR ENERGY (PTY) LTD

500kW Vientiane Folding Container for Wastewater Treatment Plants

Overview

Suitable for both municipal and industrial wastewater, they can handle projects of any size, treating wastewater from 50 to 20,000 people for sewage, or 1m³/hr to 250m³/hr for industrial wastewater. The system can achieve any required effluent quality for discharge, reuse. The ClearFox® Containerized System is a packaged wastewater treatment plant, custom designed and pre-installed within ISO shipping containers. As a modular solution, it is easily transportable by land or sea, with minimal onsite installation required. Mobility, durability, and protection are all important features that we make sure to incorporate within our mobile water treatment systems, which also helps reduce long-term costs. From desalination plants to emergency response units. PACKAGE PLANTS | CONTAINERIZED.

500kW Vientiane Folding Container for Wastewater Treatment Plant

Mobile wastewater treatment plants in containers

Our containerized wastewater treatment plants are not only installed in hard-to-reach places abroad, but also offer the perfect solution for short-term, temporary wastewater treatment in Germany.
