

**PIENAAR ENERGY (PTY) LTD**

# **Accra electric vehicle charging infrastructure**

## Overview

---

Right now, charging stations in Ghana are rare and mostly located in Accra. Existing hubs: A1 Raceway (Tema), Accra Mall, some private homes and offices with imported chargers. Unreliable electricity supply in some areas. With the increasing number of electric vehicles on the roads, our goal. Ghana's journey into electric mobility is well underway, but there's a noticeable gap between the number of cars and the public chargers available to power them. You'd quickly learn to. From Teslas silently cruising through Airport Residential to BYD electric buses making headlines, electric vehicles (EVs) are slowly entering Ghana's roads. As highlighted in a recent video by.
