

PIENAAR ENERGY (PTY) LTD

After-sales service for 80kWh photovoltaic container

Overview

Yes, we offer comprehensive after-sales support including remote monitoring, maintenance services and technical support. Our mobile photovoltaic containers come with a warranty and optional service packages to ensure optimal performance throughout their lifespan. This is the product of combining collapsible solar panels with a reinforced shipping container to provide a mobile solar power system for off-grid or remote locations. Unlike standard solar panel containers, LZY's mobile unit features a retractable solar panel unit for quick installation.

- 22 service centers globally, providing localized technical support
- Over 63 representative sites worldwide for optimized service.

The after-sales service of photovoltaic energy storage is characterized by several key elements, which include

1. Service: Pre-sale: Have been served for 120 countries professional teams will free to help you to design and big project site survey. It provides clean, efficient power wherever you need it and can also generate profit.
