

**PIENAAR ENERGY (PTY) LTD**

# **Are there any scams with solar photovoltaic panels**

## Overview

---

Solar scams are fraudulent, misleading schemes used by illegitimate companies to sell overpriced or nonfunctional solar systems. They exploit the growing demand for solar by offering deals that seem too good to be true, pressuring homeowners into making hasty decisions or providing. Did a salesperson knock on your door and promise free rooftop solar panels at no cost to you?

Or say you'll never have to pay another electricity bill because government programs, grants, or rebates cover your solar installation?

It's likely a scam. While there are some government-funded solar. Demand for solar-powered home systems has increased rapidly in the last several years. Scams, schemes and straight-up fraud abound in the dark underbelly of an otherwise light-filled industry. » [MORE: Pros and cons of solar panels](#) There's no such thing as free solar panels. Always look for businesses you can trust - like Accredited Businesses using the BBB Seal. Some use high-pressure tactics, others make promises that defy basic math, and a few are running outright frauds that can cost you tens of thousands of dollars.
