

PIENAAR ENERGY (PTY) LTD

Australia Modular Energy Storage Cabinet 380V Clearance Price

Higer conversion efficiency

CAN/RS485/WIFI/4G
Blue tooth communication

20 Kwh

30 Kwh

50 Kwh

Thick shell, well protection for inside cells

BMS customization supported

The advertisement features three modular energy storage cabinets of different capacities: 20 Kwh, 30 Kwh, and 50 Kwh. Each cabinet is white with black accents and has a digital display on the front. They are mounted on wheels. The background shows a house and a snowy mountain range. The text highlights features like high conversion efficiency, communication options (CAN, RS485, WIFI, 4G, Bluetooth), a thick protective shell, and BMS customization support.

Overview

The XESS ION 5120 is a premium lithium battery storage system engineered for Australian conditions, combining advanced Active Battery Management with high-grade LiFePO4 prismatic cells. Select your quantity of XESS ION battery modules, along with your choice of cabinet from the drop down menu. Suitable. Maximum Power- Up to 16 Hybrid SkyBoxes can operate in parallel to achieve a higher power output. 16 units, for example, will provide 128 kW output power with 3040 Amps battery charging/discharging capacity (Based on 8kW model). SkyCare Monitoring- Our free remote monitoring app will display all. Hresys Energy Storage Cabinets/Containers is a modular high density solution that is built and tested to reduce project risk, shorten timelines and cut installation costs. The Battery Management Unit actively balances the safety, life and performance of each cell, extending battery life. I required some technical assistance. The cabinets contain two lockable doors (front and back) and removable side panels for easy access.
