

PIENAAR ENERGY (PTY) LTD

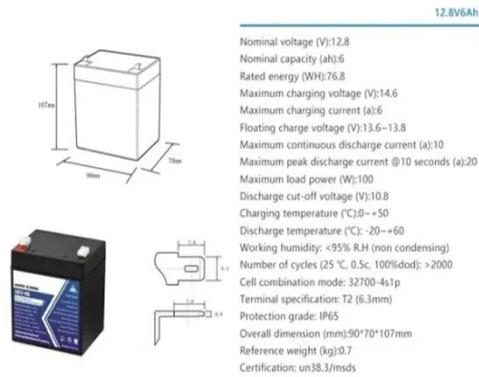

Azerbaijan energy storage power station manufacturer

Overview

State-owned electricity generation and transmission company AzerEnergy is building a 250 MW/500 MWh battery energy storage system (BESS) projects – the largest of their kind in Azerbaijan to date. With 30 years of experience, we are recognized as the region's leading battery manufacturer and energy technology supplier. The latest stage of this transition focuses on integrating RES facilities into the unified transmission grid operated by Azerenerji OJSC. As part of this strategy, the country has launched. The 500-kilovolt “Absheron” and the 220-kilovolt “Agdash” substations in Azerbaijan will reportedly have a capacity of 250 megawatts and a storage volume of 500 megawatt-hours / Courtesy Azerbaijan has ushered in a new era in its energy sector with the launch of large-scale Battery Energy Storage. Azerbaijan is building a 250-megawatt energy storage system, which will be integrated into the grid by 2027, Elchin Targuluyev, a solar and wind energy specialist at SOCAR Green, said at the Azerbaijan & Central Asia Green Energy Week 2025, Report informs.
