

**PIENAAR ENERGY (PTY) LTD**

# **Basseterre solar container lithium battery energy storage project**

## Overview

---

The project, considered the world's largest solar-storage project, will install 3.5GW of solar photovoltaic capacity and a 4.2 MWh battery storage facility will be built on government-provided land in the Basseterre. [pdf] Colombia's first grid-scale battery energy storage system (BESS) came online in 2023 near. The global solar storage container market is experiencing explosive growth, with demand increasing by over 200% in the past two years. Pre-fabricated containerized solutions now account for approximately 35% of all new utility-scale storage deployments worldwide. North America leads with 40% market. Imagine a world where solar farms never waste a single ray of sunshine. That's exactly what the Basseterre Shared Energy Storage Power Station achieves through cutting-edge lithium-ion battery technology. Kitts and Nevis' game-changing solution that's turning heads from Bermuda to Barbados. Island Energy Challenges Meet 21st Century.

## Basseterre solar container lithium battery energy storage project
