

## PIENAAR ENERGY (PTY) LTD

# Battery energy storage project successfully completed

### ESS

## Overview

---

Amsterdam, Septem- Sungrow, global leading PV inverter and energy storage system (ESS) provider, today announced the successful grid connection of the first 400MWh of ENGIE's 200MW/800MWh battery energy storage project in Vilvoorde, Belgium. The Inland Empire Energy Storage project achieved a commercial operation date (COD) of 9 October, which Strata credits to its partnership with Pacific Gas. From the UK to the UEA and USA to Australia, Energy Digital Magazine runs through 10 of the most impressive energy storage projects worldwide Energy storage plays a pivotal role in the energy transition and is key to securing constant renewable energy supply to power systems, regardless of weather. In 2025, utility-scale battery storage is projected to expand by a record 18. These systems play a crucial role in balancing supply and demand, enhancing grid stability, and supporting the integration of renewable energy. The largest upcoming BESS. In the U. Backed by fresh data from Cleanview, Wood Mackenzie, and the EIA, this white paper offers critical.
