

**PIENAAR ENERGY (PTY) LTD**

# **Belgian Sodium Ion Energy Storage Battery Base Project**

## Overview

---

The project is developed in Vise, Liege province, in partnership with Belgian energy company Luminus. The facility is designed to stabilise Belgium's electricity grid, support the further integration of renewable energy capacity, and help meet the national and EU decarbonisation. Powering Europe with safe, efficient, and sustainable sodium-ion battery technology. Learn how we are building safer, scalable battery technologies made entirely in Europe. Explore the vision, goals, and team behind ATENA+. Discover the methodologies driving our innovative sodium-ion battery. This tracker monitors the Horizon Europe's financial contribution to both mitigating climate change (e. Growing up in a family-run battery business founded in 1981, he built deep expertise in energy storage, conversion, and management.

## Belgian Sodium Ion Energy Storage Battery Base Project

---

### CyberGrid , SPRINT , EU project , Sodium-ion batteries

The EU-funded SPRINT project is set to revolutionize the stationary energy storage sector by advancing sodium-ion battery technology, providing a cost-effective and sustainable ...
