

PIENAAR ENERGY (PTY) LTD

Bridge construction using ottawa photovoltaic integrated energy storage cabinet exchange

48V 100Ah

Overview

One of the most promising renewable energy technologies is photovoltaics. Photovoltaics (PV) is a truly elegant means of producing electricity on site, directly from the sun, without concern for energy.

Bridge construction using ottawa photovoltaic integrated energy st

Solution of Photovoltaic Integrated Construction , Leading Network

The cabinet of photovoltaic base station meets the requirements of 220v/380v mains supply, and has the function of photovoltaic power generation, which can be used in scenarios without mains supply;
