# **Business building energy storage container factory is running**

## Overview

---

Right now, the global energy storage market is rocking a \$33 billion valuation—and factories are claiming their slice of the pie [1]. Imagine this: A single container can store enough juice to power 200 average U. Now scale that to factory. TYCORUN provides efficient, safe, and reliable commercial and industrial energy storage solutions to help businesses optimize energy management and achieve sustainable development. 9 billion by 2030, with ESS containers leading the charge in modular energy storage solutions. Our modular LFP battery packs are scalable, catering to storage requirements ranging from kWh to MWh.
