

**PIENAAR ENERGY (PTY) LTD**

# **Cape town rural off-grid energy storage power station**

## Overview

---

The proposed solution integrates the Koeberg Nuclear Power Station, scaled-up solar and wind generation, battery and pumped hydro storage, and gas-fired backup within a localized smart grid. Here's how the storage station helps: Africa's energy storage market is projected to grow at 14. Projects like Cape Town's demonstrate three critical shifts: Did you know?

The station's "virtual power plant" mode can coordinate 50+ solar farms simultaneously – like an. Does deveryg provide smart off-grid rural electrification?

Deveryg provides smart off-grid rural electrification. The energy service company (ESCO) identified the undersized SHS as one of the barriers which discourage users from utilising the system since their demand is not adequately met. 2 million people with a peak electricity demand of 4,000 MW, seeks to establish an independent electricity grid to address South Africa's unreliable national supply managed by Eskom. We utilized our wealth of technical, financial, mass production, distribution and high voltage energy storage experience to answer the energy industry's needs which has been limited by supply availability, compromises manifesting themselves ential, commercial.
