

**PIENAAR ENERGY (PTY) LTD**

# **Chilean office building energy storage system manufacturer**

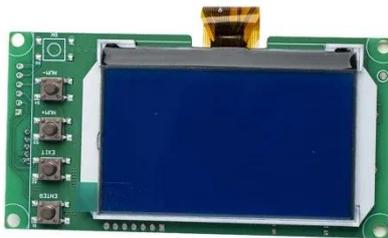

## Overview

---

EDF power solutions Chile is at the forefront of developing both short- and long-duration storage projects, including pumped storage plants and other innovative technologies. The company specializes in integrated energy solutions, including energy storage projects. Their focus on enhancing operational efficiency and sustainability through innovative services is particularly relevant for sectors like mining and industry. These solutions enhance the flexibility of the electrical system, facilitate the integration of more variable renewable. With transmission lines at overcapacity and permitting delays slowing the development of new grid infrastructure, battery energy storage systems (BESS) have surged as a profitable alternative for Chilean power producers. LZY Energy photovoltaic water.
