

PIENAAR ENERGY (PTY) LTD

Cibf solar container outdoor power

Overview

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank. Fully customizable to your exact needs. In short, you can indeed run power to a container – either by extending a line from the grid or by turning the container itself into a mini power station using solar panels. Why power a shipping container?

There are many reasons to supply electricity to a container, especially in off-grid settings. RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + more customizations! RPS can customize the Barebones and Move-In Ready options to any design. MOBIPOWER containers are purpose-built for projects where energy demands go beyond what a trailer can deliver. With integrated. We are a professional manufacturer of integrated solar container systems. It's equipped with a 3000 watt power.
