

PIENAAR ENERGY (PTY) LTD

Construction of market-oriented energy storage projects in Kuwait

Overview

In a bid to tackle mounting power shortages and ensure energy reliability, Kuwait is advancing plans to build one of the Middle East's largest battery energy storage systems, with a proposed 1.5 GW discharge capacity and 4–6 GWh of total storage. The Kuwait battery energy storage systems (BESS) market is experiencing robust growth, driven by Kuwait's increasing emphasis on renewable energy integration, grid stability, and energy security. Adel Al-Zamil, announced that the ministry is continuing negotiations on the electricity storage battery project to further clarify key details before implementation. With solar power capacity projected to grow by 23% annually through 2030, the country faces a critical challenge: stabilizing grid performance amid fluctuating. Kuwait Aims for Major Battery Storage Project to Mitigate Power Shortages The Gulf nation seeks a large-scale battery storage solution with up to 1.
