

PIENAAR ENERGY (PTY) LTD

Customized Fast Charging System for Microgrid Energy Storage Battery Cabinets

Outdoor Cabinet BESS
50 kWh/500 kWh Battery Storage System
Industrial and Commercial Energy Storage

Energy Storage System

Energy Storage System

-  **All In One**
Integrating battery packs
-  **Intelligent Integration**
integrated photovoltaic storage cabinet
-  **High-capacity**
50 - 500kWh
-  **Rated AC Power**
50-100kW
-  **Degree of Protection**
IP54
-  **Altitude**
3000m(>3000m derating)
-  **Operating Temperature Range**
-20~60°C(Derating above 50 °C)

Overview

Fully integrated, outdoor NEMA 3R and NEMA 4X nanogrid and microgrid cabinet systems. Configurable with internal power conversion and power distribution and energy storage or energy storage only or hybrid solutions for support of point of use E. Enpack is a customized containerized microgrid solution developed by Emtel Energy, powered by Enercap, designed to function as both an EV charger and a grid-independent energy supplier. It can be deployed from kWh to MWh and supply power to any application. Featuring lithium-ion batteries, integrated thermal management, and smart BMS technology, these cabinets are perfect for grid-tied, off-grid, and microgrid. Easy installation and easy operation, manage your energy distribution between renewables, AC grid, and battery. Our Aimbridge Energy DC Microgrid packages provide power system capacities ranging from 5kW to 20kW and the ability to create multiple power cabinet configurations. The transition to electric vehicles (EVs) demands charging solutions that are efficient, reliable, and scalable.

Customized Fast Charging System for Microgrid Energy Storage Bat

Mobile Energy Storage System Brochure

These Energy Storage Systems are a perfect fit for applications with a high energy demand and variable load profiles, as they successfully cover both low loads and peaks.
