Data Center Rack IP54 Configuration Solution

Overview

Discover the E-abel & Weipu IP68 Solution! Solve your data center cooling challenges with E-abel's IP54 glass door server rack featuring advanced fan and louver systems. Get optimal thermal management, dust protection, and full customization. Contact us for your tailored IT enclosure. The Vertiv™ SmartCabinet™ ID is an all-in-one micro data center that has been designed specifically for demanding environments. The robust IP54 rated cabinet provides environmental protection from harsh applications where dust and humidity could severely impact system performance and equipment. All IS-1 models are available with either an IP20 or IP54 rating. Configure for UPS systems, servers, and more. Rack Height (U Spaces) is a measure of vertical space or the height of equipment mounted in a rack enclosure.

Data Center Rack IP54 Configuration Solution

EcoStruxure Micro Data Centers , Schneider Electric USA
