

**PIENAAR ENERGY (PTY) LTD**

# **Emergency Energy Storage Power Communication BESS**

## Overview

---

Emergency Preparedness is essential for Battery Energy Storage Systems (BESS) to prevent disasters. This article covers risk assessment, clear roles, communication, training, and advanced safety technologies to enhance response effectiveness. 2 REFER TO Appendix B, Incident Command (Assembly Point) and Other Equipment, as necessary. Battery system is equipped with over-temperature alarms that will warn operators and sound an audible alarm at. to ensuring safety across the United States. Guidance contained herein was prepared by a diverse group of FRA staf team members with extensive experience in the fire.
