

PIENAAR ENERGY (PTY) LTD

Energy Storage Equipment for Industry and Commerce

**Efficient
Higher Revenue**

- Max. Efficiency 97.5%
- Max. PV Input Voltage 600V
- 150% Peak Output Power
- 2 MPP Trackers, 150% DC Input Oversizing
- Max. PV Input Current 16A, Compatible with High Power Modules

**Intelligent
Simple O&M**

- IP66 Protection Degree: support outdoor installation
- Smart I-V Curve Diagnosis Function: locate PV string faults accurately and automatically detect faults
- DC & AC Type II SPD: prevent lightning damage
- Battery Reverse Connection Protection

**Flexible
Abundant Configuration**

- Plug & Play, EPS Switching Under 10ms
- Compatible with Lead-acid and Lithium Batteries
- Max. 6 units Inverters Parallel
- AFCI Function (Optional): when an arc-fault is detected the inverter immediately stops operation

Overview

Below are the most widely adopted solutions: Lithium-Ion Batteries: Dominating EVs and solar projects due to high energy density. Pumped Hydro Storage: Provides grid-scale energy backup with 70-85% efficiency. Flow Batteries: Ideal for long-duration storage in industrial settings. Our C&I energy storage solutions implement peak-valley time shifting and utilize power during off-peak times to reduce electricity costs and balance peak load. Our products, including lithium-ion batteries, inverters, and energy management systems, are designed to integrate seamlessly with existing. Optimize initial investment, reduce operation and maintenance costs, and boost energy profits with a diverse range of tailored products from ROYPOW. Ensure stable power supply, improve energy resilience, and safeguard critical operations with advanced battery technology, comprehensive safety, and. Wenergy's energy storage cabinets help businesses cut costs, enhance efficiency, and ensure reliable power.

Energy Storage Equipment for Industry and Commerce

Commercial Energy Storage Systems , Trane Commercial HVAC

By combining product knowledge, applications expertise and services, Trane can help you develop a comprehensive strategy incorporating tailored energy storage equipment, building controls and more. ...
