

**PIENAAR ENERGY (PTY) LTD**

# **Energy company uses 2MW mobile energy storage container**

## Overview

---

The PVMARS team has now completed the production of a 2MW containerized energy storage system, which will soon be shipped to Botswana. Each container will be equipped with technology to monitor energy usage. This will ensure towns can manage energy consumption and optimize energy. In a significant advancement for sustainable energy solutions, a company in Jiangsu has successfully connected its 2MW/4MWh energy storage system to the grid. As. Adding Containerized Battery Energy Storage System (BESS) to solar, wind, EV charger, and other renewable energy applications can reduce energy costs, minimize carbon footprint, and increase energy efficiency. Get ahead of the energy game with SCU! 50Kwh-2Mwh What is energy storage container?

SCU. Polinovel utility scale energy storage battery system incorporates top-grade LiFePO4 battery cells with long life, good consistency and superior charging and discharging performance.
