

PIENAAR ENERGY (PTY) LTD

Energy company uses 600kW mobile energy storage outdoor cabinet

Overview

EPC Energy serves the utility and developer market with multi-MWh solutions featuring 40' container or skid-based designs. These scalable designs feature integrated LFP battery racks, power electronics, HVAC, fire suppression, energy management system (s), and balance of plant. It comes with smart functionality like time shift and peak shaving to reduce your energy cost, and it's fully integrated, enabling you to get the most out of both new and existing solar panels. Scalable from single asset control to complex microgrid and utility environments. The ELECOD Outdoor Cabinet Energy Storage System (Air-Cooled) is a highly efficient and scalable energy storage solution, designed for use in microgrid.

Energy company uses 600kW mobile energy storage outdoor cabinet

Outdoor cabinets as energy storage systems

In response to the increasing use of energy storage systems in outdoor installations, LUKA GmbH has developed a modular housing system that reliably protects batteries and power electronics from ...
