Overview

Our team provides free 3D design, custom BMS development, and expert guidance from concept to production. All our cells and packs comply with UL, UN38.3, IEC62133, and CE standards, ensuring global acceptance and safety. ACE Battery is a top customized battery energy storage system manufacturer offering tailored ESS solutions, global certifications, and end-to-end engineering support. As global demand for clean, reliable power accelerates, businesses and project developers need more than an off-the-shelf battery. At KULR we offer a full spectrum of in-house capabilities for custom lithium-ion battery pack design, testing, analysis, prototyping, and production. Designed for brand labeling, supporting up to 16 units in parallel, featuring intelligent BMS integration and seamless communication with multiple global inverter protocols.
