

## PIENAAR ENERGY (PTY) LTD

# Energy storage system factory in Australia

20 ft container

40 ft container

## Overview

---

LAVO specialises in the supply of LDES, using hybrid lithium-ion and hydrogen technology to store energy and dispatch it as needed. MGA Thermal is a Australian clean energy company with a breakthrough form of long-duration, thermal energy storage at scale. Energy storage systems are essential for stabilizing renewable energy supply in Australia. They store solar and wind power for use during peak demand or outages, supporting grid resilience, lowering costs, and accelerating the transition to clean energy. Their mission includes delivering sustainable power generation and energy storage. Allegro Energy, based in Newcastle, Australia, develops and commercialises sustainable energy storage technologies using a proprietary microemulsion electrolyte. Did you know that your rooftop can generate up to three times more solar.
