

**PIENAAR ENERGY (PTY) LTD**

# **Energy storage system integration market space**

## Overview

---

The energy storage system integrator market exhibits a moderate level of concentration, with a few major players like Tesla, Fluence, and Sonnen holding significant market share. However, numerous smaller, specialized integrators also contribute significantly, particularly in. According to our latest research, the global Energy Storage System Integration market size reached USD 23.7 billion in 2024, reflecting the sector's robust expansion in response to the surging demand for grid stability and renewable energy integration. 7 billion in 2024 and is expected to reach USD 5. By connectivity, on-grid systems commanded 93. China dominates the marketplace with its large-scale lithium-ion battery production capacity.
