

**PIENAAR ENERGY (PTY) LTD**

# **Free photovoltaic panels installed on factory roofs**

## Overview

---

The federal government does not provide free solar panels, but many states and utilities offer incentives that can reduce the cost of going solar. You can install solar panels on your roof with no upfront cost by signing a lease or PPA or taking out a \$0-down loan. Yet thousands of homeowners across America are discovering this isn't marketing magic - it's smart financing that turns two major home improvements into one cost-effective project. Each financing option has. The short answer is that while no company gives away solar panels to own for free, there are absolutely ways to get a system installed on your roof with \$0 out of pocket. These "no-money-down" options are what the "free solar" ads are really talking about, and they make it possible for many.
