Free quote for off-grid battery cabinets

Overview

Unbound Solar carries durable solar battery boxes and enclosures that are perfect for your off-grid or grid-tie with battery backup system. Most industrial off-grid solar power systems, such as those used in the oil & gas patch and in traffic control systems, use a battery or multiple batteries that need a place to live, sheltered from the elements and kept dry and secure. This place is called a "battery enclosure", or what is. AZE's all-in-one IP55 outdoor battery cabinet system with DC48V/1500W air conditioner is a compact and flexible ESS based on the characteristics of small C&I loads. Starting at \$89 /mo or 0% APR with Affirm. Need Help?

We're Here for You! If you need help, we're here to assist you whether you're facing issues, have questions, or need clarification. A poorly designed system can ruin your batteries.
