

PIENAAR ENERGY (PTY) LTD

Gambia EK PV Inverter Agent

Overview

We use the latest computer technology to ensure the correct size of inverter, solar panels and batteries and can supply the best quality equipment sourced in Europe - all with manufacturer's warranty and fitted to the highest standards by our engineers. Would you like to become our retail or installation Partner?

Would you like to become our retail. Solar Heating, Pumping & Power Systems in Sukuta, Gambia! We deliver all the spare parts for the above mentioned. We only use the best materials from Europe! Wagner Solar Gambia is a beacon of sustainability in the region, distinguishing itself as one of only three enterprises capable of harnessing. In The Gambia the sun shines most days of the year, so why waste its energy?

Solar electricity (Photovoltaic's) and solar water heating are two of the ways of harnessing that energy - and saving money in the long term. The power station began commercial operations in March 2024. For twelve years, we have concentrated on serving the needs of African renewable energy companies. Because of our specific focus, we receive exceptional pricing from the. A solar inverter, also known as a PV inverter, is a type of electrical converter that converts the variable direct current (DC) output of a photovoltaic (PV) solar panel into a utility frequency alternating current (AC) that can be fed into a commercial electrical grid or used by a local, off-grid.

Product Model
 HJ-ESS-215A(100KW/215KWh)
 HJ-ESS-115A(50KW/115KWh)

Dimensions
 1600*1280*2200mm
 1600*1200*2000mm

Rated Battery Capacity
 215KWH/115KWH

Battery Cooling Method
 Air Cooled/Liquid Cooled

Solea Gambia

As a distributor of photovoltaic inverters and solar modules, we guarantee our customers high-quality components, professional advice and support as well as favourable prices and short delivery times.
