

PIENAAR ENERGY (PTY) LTD

Gambia solar container battery box manufacturer

Overview

The main contractor and energy solutions system integrator, the Estonian company Diotech, will install the storage system using LG Energy Solution's latest LFP battery technology. This is the first project in our region where an energy storage facility of this size will start operating. These systems are not just stand-alone; they can be integrated with solar, wind, or microgrid setups, underpinning a future-proof. Integrated has launched its solar flooded tubular batteries designed to offer reliable, consistent and low maintenance power for renewable energy requirements. These batteries can be subject to deep cycle applications and minimum maintenance in rural and power deficit area. We offer OEM/ODM solutions with our 15 years in lithium battery industry.
