

## PIENAAR ENERGY (PTY) LTD

# Gambia solar energy

## LIQUID COOLING ENERGY STORAGE SYSTEM

**EMS** real-time monitoring

No container design  
flexible site layout

Cycle Life

**≥8000**

Nominal Energy

**200kwh**

IP\_Grade

**IP55**

## Overview

---

The Gambia is set to boost its renewable energy capacity with the construction of a 120 MW solar power plant by Turkey's Kalyon Enerji. Due to its strategic location and ideal conditions, The Gambia is ideally suited for investment into the Solar Energy sector. Built by Chinese manufacturer Tebian Electric Apparatus, the 23 MW solar plant - equipped with an 8 MW electricity storage system - serves to reduce the. Gambiaj. com - (BANJUL, The Gambia) - The Gambia's National Water and Electricity Company (NAWEC), in collaboration with the World Bank, has officially launched the bidding process for a landmark 50-megawatt solar power and energy storage project aimed at transforming the country's electricity. A significant strategic project with strong substantial economic and social impacts, the recently inaugurated solar photovoltaic plant in Jambur is poised to supply electricity to approximately 18,500 households. This power plant supported by The Government of The Gambia and its development. The Gambia, nestled within the heart of West Africa, is embarking on a journey towards sustainable energy solutions to address its energy challenges and foster socio-economic development.
