

PIENAAR ENERGY (PTY) LTD

Google Battery Energy Storage System

Overview

Google has partnered with Energy Dome, an Italian startup, to test and deploy a new kind of long-duration energy storage system. The innovation centers on a CO₂-based battery designed to store renewable energy for up to 24 hours.

Google Battery Energy Storage System

Google Rapidly Deploying Huge CO2 Battery Facilities That Store 200

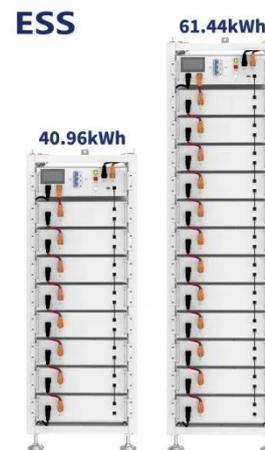

To charge, the battery uses a thermal-energy storage system to cool the CO2 down to ambient pressure, and a condenser turns it into a liquid over a span of ten hours. To discharge it, the
