

PIENAAR ENERGY (PTY) LTD

**Greek professional
manufacturer of energy storage
lithium batteries**

Overview

Sunlight's Greek factory is the world's largest producer of lead-acid batteries for automated guided vehicles, forklifts and energy storage systems and it is now shifting to lithium cells. ON ESS range represents their commitment. At Sunlight Group, we create advanced energy storage systems for industrial, commercial, and grid-scale use. Our solutions are built to solve real challenges helping businesses cut costs, boost uptime, and transition to zero-emission power. The country is significantly dependent on flexible storage solutions to stabilise the grid and reduce curtailment, despite its abundance of solar and wind resources. Strong. KACO new energy, as a medium-sized company with dedication and a passion for research, stands for high quality engineering skills in the field of independent and decentralised energy supply. Our inverters are designed to support the use of renewable. Sunlight's plan for a 20 GWh lithium-ion battery gigafactory in Greece has been abandoned, however.
