

**PIENAAR ENERGY (PTY) LTD**

# **Grid-connected wind power generation system in Antwerp Belgium**

## Overview

---

Wind power in Belgium has seen significant advancements, starting with the generation of electricity from farms in 2009. By 2020, the capacity of these offshore farms reached 2,262 megawatts (MW), matching the combined output of Belgium's largest nuclear reactors, and . Concurrently, the development of energy, which remained minimal until 2004, experienc.
