

**PIENAAR ENERGY (PTY) LTD**

# **High-tech Zone Solar Power Station**

## Overview

---

27 MW solar photovoltaic power station installed in Hi-tech Park in Nanshan, Shenzhen is a National Golden Sun Demonstration project invested and built by Zenergy. The project has an effective installation area of 16,263 square meters and an annual average power generation of. The 1. Globally, at least 19,000 installed micro grids provide electricity to about 47 million people in 134. The Solar Zone at UA Tech Park is one of the largest multi-technology solar demonstration sites at the grid level in the U. Since 2001, it has grown from a modest GDP of 2 billion yuan to an impressive 90. The zone's dedication to green energy is highlighted by its new energy industry base, which supports companies like. nic Technology Co. The company specializes in the design, development and p has a 20-year agreement with TEP. Under the agreement, TEP purchases the solar power generated by the Solar. Solar power generation enterprises in the high-tec wire and cable, and solar photovoltaic power generation.

## High-tech Zone Solar Power Station

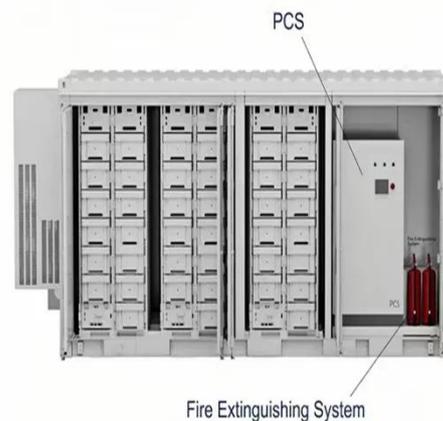

### Distributed Power Station Project - Solar Energy System - Solar ...

The 1.27 MW solar photovoltaic power station installed in Hi-tech Park in Nanshan, Shenzhen is a National Golden Sun Demonstration project invested and built by Zoney. The project has an ...
