

PIENAAR ENERGY (PTY) LTD

Home electricity management system

Overview

This guide breaks down 10 home energy management systems you can buy in 2025. We start with whole house fans as a foundational energy saving tool, then cover dedicated energy monitors like Sense and Emporia, smart panels from Span, home automation hubs, and complete battery. In 2025, the landscape of whole house energy management systems has evolved considerably, offering homeowners like you innovative ways to enhance efficiency and reduce costs. Some systems promise device level tracking. Others focus on solar integration or smart home automation. An ENERGY STAR SHEMS package requires at minimum, an ENERGY STAR certified smart thermostat, lighting and monitor/control plug loads. A HEMS connects with devices throughout your home. These systems help monitor, control, and optimize energy usage in real time, giving you greater control over electricity costs. The Emporia Vue 3 Home Energy.
