

PIENAAR ENERGY (PTY) LTD

Hongyi Solar Power Generation

ESS

Overview

Welcome to 2024, where Hongyi Electric's floating solar systems are turning this vision into reality. Production capacity: material and process, production line display and production process, production equipment list and maximum capacity display. We have well-managed production workshops, five production bases and more than 3000 employees nationwide, with an annual output of more than 200,000 of. China made an announcement in June to build the first-ever solar power plant in space by 2028, aiming to convert sunlight in outer space into an electrical supply to drive the satellites in orbit. In this project we are using our own brand on-grid solar inverter, JO-80K-T3 model.

Hongyi Solar Power Generation

Hongyi solar system complete set battery lithium 48v 200ah buy off ...

Principle of on-grid solar power generation ***Full set of solar energy generator system consists of solar panels, one or several on grid inverters, Wifi Monitor Device,

Lithium battery parameters

Product capacity: 100Ah

Product size: 135*197*35mm

Product weight: 1.82kg

Product voltage: 3.2V

internal resistance: within 0.5
