

PIENAAR ENERGY (PTY) LTD

Household solar energy storage battery 100 degrees

Overview

Our high voltage solar battery storage system supports 2 to 5 battery modules in a single cluster, with parallel expansion capabilities up to 113. At only 170mm depth, this system is one of the most compact and space-saving home energy storage solutions. In the last year, nearly two-thirds of solar. Why?

Because home battery storage has something to offer everyone—from backup power to bill savings to self-reliance. This provides blackout protection, greater energy independence, and reduced reliance on utility companies. Designed to support residential properties, this 100 kWh home battery offers exceptional performance for large homes and energy-intensive. Getting home energy storage can be a complicated decision, and we advise people to work with a reliable installer to make the right decision for their needs. Enables full or partial home backup when the grid is down. Need help?
