How long can the milk tea ice cube storage cabinet be kept

Overview

Iced tea, when stored properly, can retain its freshness and flavor for up to 5-7 days in the refrigerator. However, it's best to consume it within 24 hours for the best flavor and texture. Here's how to do it: Cooling and Storage: If you have leftover hot milk tea, allow. Generally, homemade iced tea can be stored in the refrigerator for 3 to 5 days, provided it is kept in a sealed container to prevent contamination and absorption of odors from other foods. It helps maintain the tea's flavor, prevents bacterial growth, and ensures that the tea remains safe to drink. How Long Can Homemade Iced Tea Stay in the Fridge?
