# **How to charge the battery with photovoltaic panel voltage**

智慧能源储能系统  
Intelligent energy storage system

## Overview

---

To charge a battery with a solar panel, you need to connect the solar panel to a solar charge controller, which regulates the voltage and current coming from your solar panels. Otherwise, on sunny days, the solar panel. Using solar panels to charge batteries is a smart way to harness free energy from the sun. But it's not quite as simple as just plugging a panel straight into a battery. This generated electricity is then used to.

## How to charge the battery with photovoltaic panel voltage
