How to remove the iron frame of the photovoltaic panel

Overview

To effectively remove a solar energy iron sheet, follow these steps: 1. Prepare the work area, ensuring safety equipment is available, 2. Disconnect the solar p. To successfully eliminate the solar panel frame on your own, specific tools and knowledge are necessary. They're all bolted together with angle section aluminium so I can lift them off with some pulleys in my garage when I want to use my roof. SUNY GROUP is committed to providing recycling solutions for various scrap such as electronic waste, lithium-ion batteries, cable wires, radiators, aluminum-plastic composite, motors and solar panels. Besides, we also supply precious metal refining plant, cathode copper production line, shredders. Ever tried removing a Lego piece with a sledgehammer?

That's what happens when amateurs attempt frame removal with generic tools. Utilize appropriate tools like a screwdriver and a wrench, 4. Carefully detach mounting hardware, 5.
