

**PIENAAR ENERGY (PTY) LTD**

# **Huawei installs solar panels in Libya**

## Overview

---

HUAWEI Digital Power has signed a key contract with Sepco III for The Red Sea Project to provide 400 MW photovoltaic (PV) plus 1300 MWh battery energy storage solution (BESS), which is currently the world's largest energy storage project. On 15 October 2024, the GNU Oil & Gas Ministry and Chinese company Huawei ran a workshop on renewable energies. According to a statement by the ministry, the workshop, which took place on Wednesday, aims to promote the. Libya has been taking significant steps towards the development of renewable energy sources, and a recent collaboration between Senwan, the Renewable Energy Authority of Libya (REAoL), and Huawei Libya marks a significant milestone in the country's efforts to harness the power of the sun. The three. The Government of National Unity in Libya has initiated the National Strategy for Renewable Energy and Energy Efficiency, outlining plans for achieving 4 GW of combined solar and wind capacity by 2035. The chairman of the Renewable Energy Authority of Libya (REAoL), Abdul Salam Al-Ansari, held a meeting last Monday (15 January) at REAoL's Tripoli headquarters with the Regional Director of China's Huawei Renewable Energy Company. The meeting discussed ways of cooperation between.
