Huawei inverter in Sydney Australia

Overview

Huawei solar inverters (and batteries) were sold in Australia for quite some time but, as of February 2024, they are no longer sold here under that name. If you have Huawei branded solar inverters, there should be no need to worry because you shouldn't be affected in any way:. With 30+ years of experience in digital technology, Huawei is a global leader in smart solar inverters. Their systems integrate AI, cloud monitoring, and grid support to deliver superior energy efficiency, safety, and automation. At Aussie Hybrid Solar, we recommend Huawei inverters for customers. HUAWEI FusionSolar advocates green power generation and reduces carbon emissions. Both the lightweight Single-Phase & Three-Phase string inverters offer easy to install “plug-and-play” features, and are battery ready, making your. Huawei decided to branch out from their domination of the ICT sector to develop its own range of inverters backed by their impressive supply chain and distribution network.
