

PIENAAR ENERGY (PTY) LTD

Huawei valletta valley power storage device manufacturer

Overview

Huijue Group offers industrial and commercial energy storage, PV-BESS -EV Charging, Off-grid / On-grid Microgrid, telecom site solutions, and home solar energy storage, ensuring reliability, efficiency, and eco-friendliness. By comprehensively applying the complementary advantages of energy storage, wind power, photovoltaics and diesel power generation, we can achieve optimal energy allocation, enhance regional energy self-sufficiency, reduce the construction and maintenance costs of traditional distribution systems. Haven't found what you want?

Post sourcing requests and get quotations quickly. Subscribe to product alert and stay updated to what's new and popular on the market. Huijue Group's energy storage solutions (30 kWh to 30 MWh) cover cost management, backup power, and microgrids. To cope with the problem of no or difficult grid access for base stations, and in line with the policy trend of energy saving and emission reduction, Huijue Group has launched an. independently manufacture complete energy storage systems. with customers in Europe, the Americas, Southeast Asia, Africa and other regions. The Hybrid Inverter power range is from 3kW to 60kW, compatible with low voltage (40-60V) batteries and high voltage (150-800V) batteries. In today's global energy transition and sustainable development wave, industrial.
