

PIENAAR ENERGY (PTY) LTD

Independent battery energy storage project in Italy

Overview

Zurich, 30 June 2025 – Galileo, the pan-European renewable energy development and investment platform, has completed the sale of a fully authorized 98 MW battery energy storage project located in Southern Italy to an international Independent Power Producer (IPP) with a growing presence in Italy. Italy's installed storage fleet grew 23% by system count over the past year, but jumped 52% in capacity and 40% in power, according to new data highlighted by Italia Solare. Italy now stands as one of Europe's most important markets for battery storage systems. The conclusion comes from Italia. Milan, Italy — Octo— Enfinity Global Inc., a leading renewable energy company, today announced the successful closing of an equity and development partnership with a prominent European investor to close the development and commissioning of a 486 MW battery energy storage system (BESS). The Italian utility-scale battery storage market is one of the most exciting in Europe. Just under 4GWh is completed and/or operational, with a further 2GWh+ under construction. The demand for energy storage in Italy has been clear over the last half a decade, with solar and wind generation. Pan-European renewable energy developer and investor Galileo has offloaded a 98-MW battery storage project in Southern Italy to an unnamed independent power producer (IPP).
