

PIENAAR ENERGY (PTY) LTD

Israel New Energy Storage Battery Company

Overview

The Israeli Electricity Authority (IEA) has awarded contracts for 1. The awarded facilities will be developed in three key regions, helping integrate renewable energy into Israel's power grid. As the importance of energy storage for grid stability grows, Enlight is at the forefront of the industry with our expertise in both standalone storage projects and Solar-plus-storage projects. We specialize in the development of battery energy storage system (BESS) projects, which are crucial. Energy Minister Eli Cohen (fourth from right) helps inaugurate the new National Institute for Energy and Electrochemical Storage at Bar-Ilan University, near Tel Aviv, J. (Shlomi Mizrahi, Bar-Ilan University) Sodium-based batteries for storing renewable energy cheaply and the recycling. Enlight has secured a grid connection for 300 MW via two projects in Israel, which will add between 1,300 to 1,900 MWh of energy storage to the grid. This partnership marks a significant milestone in HiTHIUM's. Tzur Yigal, Israel, November 6th, 2025 - HiTHIUM, an international leader in long-duration energy storage, has entered a strategic partnership with El-Mor Renewable Energy, a major Israeli EPC contractor.

Israel New Energy Storage Battery Company

HiTHIUM and El-Mor Renewable Energy Announce a Strategic

...

With robust research, production, sales, and service capabilities worldwide, HiTHIUM is the only energy storage-focused company to achieve GWh-scale global shipments of lithium-ion ESS ...
